○ November 2015 - December 2015

WEB and MOBILE developer
ADNEOM Consulting (*Brussels, Belgium*)

I had to develop a mobile and web application for a client of Adneom

SUMMARY

Hi,
I like programming, playing sports, reading and ice cream.
Programming is great because you can do pretty much everything starting from scratch if you have the good ideas. And if you don't, you can still find the good persons.

Currently looking for an internship from april 2017 to augustus 2017

SKILLS

C / C++

Unix/Linux

Python

OCaml

LANGUAGES

Dutch

English

French
